

In today's internet, it is already difficult to see the wood for the trees

Our mission

The internet offers us an incredible number of opportunities to see or to be seen. Too many maybe? We will give you the right tools to allow you to make the most of these opportunities. We guarantee

- An optimised view on the world
- Optimum visibility
- Unparalleled value for money
- The best possible free information
- Simple, intuitive tools

b an ADVERTISER

Want to be found and seen ?

Consider it done. We offer the ultimate opportunity to advertise yourself and, above all, to be seen by anyone who may be interested in your products or services. Attract potential customers in your area by publishing your

- Your opening times
- Your daily advertising

Register and use this cool tool to show people

- Where you are
 - When you are there
 - Why you are there
- All even
- > Without your own internet site
 - > Without any server costs

The package:

- A price everyone can afford
- You can update the information daily yourself
- Spontaneous advertising
- The ultimate in visibility, worldwide of course

!!! NEW !!!
 traditional MARKETING
 is internet-compatible from now on

b a smart USER

Design your personal „CONCIERGE“

Register for free and let's get started.

We show you how important your personal profile is and what it can do for you. If you wish, you can update it yourself daily. It enables you – and ONLY you – to use loads of cool tools; e.g. to view any relevant news from your local area – whatever interests you may have. Your profile is for your eyes only, your personal window onto the internet. You will soon see though that you can do so much more, so why not make a start and surprise yourself ☺

Curious to know more? Then come and join us in this fantastic project!

Advise and motivate others

b a Diiler

Ever thought about earning money from the internet? It's as easy as 1-2-3 :

Simply register and make a start!

How do I do that?

By advising and motivating business people from your immediate circle to also register with us and to use the cool tools for their business. The rest of the process then runs by itself.

- Build up your portfolio
- Actively manage your portfolio
- Earn good money as a result
- Do something positive for your area

Visibility boosts tourism and business – but you too. Find out from our website how you can use all this and what benefit this will have for you. Don't just experience the internet, live it!

Welcome to WEB 3.0
